

# defenderData™ Next Gen Phase 1 Release Overview

August 2018  
Defender Services – US Courts

# What is defenderData Next Gen?

- Built on defenderData version 7 platform
  - Often referred to as defenderData.NET
- Allows for centralized code-base serving Windows, Web, and Mobile devices
- Requires refactoring of all custom DSO-specific business logic
- Current release constitutes first of at least three phases:
  - Phase 1: Focus on typical end user facing screens and reporting.
    - Summer 2018 Release (By end of August 2018)
  - Phase 2: Administrative functions and advanced capabilities such as end user reporting.
    - Multiple releases throughout end of 2018 and through Summer 2019
  - Phase 3: All remaining functionality necessary to wind down defenderData PowerBuilder platform.
    - Release schedule TBD
